We'd love to hear your feedback. Email us at support@housing.com or tweet us at @Housing Jul 4, 2022 Version 6.8.3 We update the app regularly to be issued to foreign nationals, including those of Indian origin, in 2018. From 5-year and 10-year visas to the new 5-year e-tourist visas for the nationals of 156 countries and valid 5-year regular tourist visas (paper) for all countries, given the resumption of scheduled international flights to India from March 27, 2022. This generous move is aimed at scaling up the number of foreign tourist arrivals so as to support the tourism economy of the country. Starting March 16, 2022, the citizens of the eligible countries can also apply for fresh regular (paper) tourist visas to India with 5-year validity. The issuance of fresh visas is subject to certain restrictions that the government may impose from time to time. There is good news also for those who hold a valid 10-year-long regular tourist visa to India, which had been suspended since the onset of the pandemic in March 2020. But the long duration regular tourist visas have been restored only for the citizens and nationals of two countries, the United States and Japan, as of now. Currently, the issuance of fresh tourist visas with 10-year validity is subject to country-specific restrictions. Only the US and Japan nationals are eligible for the fresh issuance of long duration tourist visas for the time being. Not all foreign nationals/citizens of Indian origin are OCI or PIO card holders. The continued suspension of the previously issued valid tourist visas was not only targeted against them, but also led to the cancellation of their travel to India. Some of them had to obtain a regular X entry visa at an additional cost. The tourist visa to India is granted to foreigners for four reasons: recreational and sightseeing, visiting family or friends, short business trip, and medical treatment for a short duration. Applications for India's e-tourist visa must be submitted either later than 4 days nor earlier than 34 days before the date of planned arrival. India's e-tourist visa for foreigners varies from entry to return. India's e-tourist visa can be available by citizens of as many as 169 countries. A tourist visa to India comes with validity up to 10 years. The electronic travel authorization allows a double-entry to India for up to 90 days.
